Allowable Subject Matter

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 06-18-03 has been entered.

The IDS filed 6-18-03 is acknowledged, and considered.

The reference of WO 97/26258 has been thoroughly reviewed. While the PCT Search Report indicated said reference as an "X" reference, it is not relevant to the allowed claims. In the reference, the ring attached to the thiadiazole is a *pyridazine* whereas the instant claims has ring A as a phenyl, thiadiazole, pyridine, pyrimidine or pyrazine. Although *pyrimidine* and *pyrazine* are both diazines, they are not the equivalent of *pyridazine* claimed in WO'258. Therefore, the teaching of WO'258 does not anticipate or render obvious the instant claims.

Accordingly, claims 1-6, 10-20, and 38 are allowed again for the previous reasons and for the one set forth above.
